Child Safety Code Of Conduct

Child Safety Code Of Conduct

1. Introduction

Northside Christian College (the College) is committed to protecting its students from all aspects of harm and has established strategies, practices, policies and procedures to uphold its public commitment to student safety and wellbeing.

The College takes a zero tolerance approach to any behaviours that jeopardise student safety and wellbeing (including child abuse and reportable conduct).

Accordingly, this Child Safety Code of Conduct:

- Clearly establishes a list of acceptable and unacceptable behaviours by members of the College community towards our students, with the ultimate aim of protecting such students from harm.
- Offers guidance to College staff and inform them considerations relevant to personal, professional and ethical decision making.
- Serves to protect our students, reduce any opportunities for abuse or harm to occur, and promote student safety and wellbeing in our School environment.
- Provides guidance on how to best support students and how to avoid or better manage difficult situations.

This Code is part of a broader culture of student safety and wellbeing that is woven into the fabric of Northside Christian College. As a community, our unified commitment to ensuring the safety and wellbeing of our students is paramount to our actions and decision making. As a College community, we are guided by a common commitment to what is acceptable and unacceptable behaviour to each other and when engaging with students.

This Code is a child safety code of conduct made in accordance with Ministerial Order No. 1359 – Implementing the Child Safe Standards – Managing the Risk of Child Abuse in Schools and the School Boarding Premises, and is part of the College's student safety and wellbeing framework.

The purpose of this Code is to promote child safety within all College Environments.

2. Application

This Code applies to all Committee of Management members, the Principal, employees, volunteers, contractors and other authorised personnel required to perform functions on the College's premises, or at College-organised activities and events. Collectively, these individuals are referred to as 'staff'.

This policy extends to any other person who is engaged in student-connected work at the College, or that otherwise has direct and regular contact with the College's students (whether supervised or not).

This Code is in addition to profession specific codes of conduct, such as the Victorian Institute of Teaching's (VIT) Standards of Professional Practice and Code of Conduct for teachers that outline behaviours expected by all teachers in Victoria. School staff must also comply with other policies and procedures at the College that apply to them, including the Child Safety Policy.

5. Physical Contact / Touching

Staff members, directors, volunteers, and contractors are prohibited from using physical discipline in any way for behaviour management of children. This prohibition includes spanking, slapping, pinching, hitting, or any other physical force as retaliation or correction for inappropriate behaviours by children.

Physical contact may be required in an emergency situation to remove children quickly from danger or threat of danger.

Appropriate contact between staff members, directors, volunteers, contractors, and children is part of normal human relationships. Some considerations and guidelines include the following:

- a. consider the child's age, developmental level, maturity and level of care required, for example, touching a child to gain their attention, guiding or comforting a distressed child;
- b. work in an open environment; for example, in confidential interviews or a one-to-one meeting, the door should be open with visual access. Exceptions apply for professions with strict confidentiality requirements;
- c. be alert to cues from children about how comfortable they are in your proximity and respect their need for personal space;
- d. be sensitive when interacting with children who may misinterpret your actions, such as those who may have been traumatised by abuse or adolescents seeking attention from a member of the opposite sex;
- e. be aware of cultural norms that may influence the interpretation of your behaviour;
- f. be cautious about physical contact in games or practical instruction. If you need to make physical contact for demonstrations, explain the activity and what you will do, maintain a safe and appropriate distance;
- g. physical contact should be made in a way that makes children feel comfortable, for example, shaking hands, a congratulatory pat on the back or rub on the side of their arm for reassurance. Massaging a child or allowing a child to massage you is inappropriate physical contact (unless the child is a member of your family and you comply with all relevant legislation).

Physical contact with a child should be avoided where possible.

6. Transportation and off-site events

Other than in an emergency or other abnormal situation where no other option could be reasonably foreseen, it is not acceptable to transport children without written permission of their parent, carer or guardian.

It is prohibited to have unnecessary and/or inappropriate physical contact with children while in vehicles.

Children should be transported directly to their destination. No stops should be made other than those that are reasonably scheduled for meals or comfort stops. This obligation does not apply to children that are a member of your family.

It is prohibited to have children spend the night at the residence of a staff member, director, volunteer or contractor without parental/guardian prior approval.

Changing and showering facilities or arrangements for adults must be separate from facilities or arrangements for children (unless the child is a member of your family).

7. Pastoral Care

Subject to the above restraints, pastoral care of students at the College takes place within the context of relationships. The College values each person, without discrimination, and seeks to provide an environment of acceptance, encouragement, challenge, safety and care.

Teachers seek to develop strong relationships with students and their families, in order to provide emotional support and spiritual care. This is enabled in the classroom, in homeroom groups and during extra-curricular activities, such as whole school activities, camps, excursions, sporting events and information/parent evenings.

Teachers, acting in support of parents, seek to disciple students towards genuine Christ-like behaviour, modelling and encouraging mutual respect, integrity and accountability.

Students are given clear guidelines regarding behaviour and are expected to contribute towards a positive learning and social community. Guidance, correction and restoration are a part of pastoral care, and contribute to the development of community and good citizenship. In the terminology of Christian community, students are encouraged to become followers of Christ in His life and teaching.

Secondary Students

Secondary students are grouped in year levels and participate in morning Home Group classes where teachers and students share devotions, reflective of the College's Biblical Christian Worldview and core values, inclusive of life stories, anecdotes and strategies, in order to encourage further development of students' sense of value, reiterating the importance of being a part of the community. Home Group teachers mark rolls and check for uniform compliance.

Students also participate in specific skill and strategy development for social and emotional learning through the You Can Do It" and PeaceWise Programs.

Primary Students

Primary students meet with their classroom teachers during the first session of the day to mark rolls, for devotions and for both personal and group connections.

Students also participate in specific skill and strategy development for social and emotional learning through the Friendlyzy Program.

All homeroom and classroom teachers may refer students to the College's Head of Student Wellbeing, the Chaplain, or appropriate Director of Learning for additional pastoral care. Sub-school e-newsletters are sent home by sub-school leaders to keep families in touch with upcoming events and where outstanding achievements can be noted and celebrated.

In both the Primary and Secondary schools, classroom teachers are available for communication with parents in order to support the student and to build strong connections between home and the College. At times, students or parents may not be happy with the pastoral support pathways for student complaint or grievances. Procedures to support further are outlined in the Grievance and Complaint Management Policy.

8. Confidentiality

Disclosing information to staff, directors, volunteers and contractors

When children are having a written or verbal interaction with staff, directors, volunteers and/or contractors of the College, that interaction is confidential to the organisation not to the individual. This means that a staff member, director, volunteer or contractor is able to talk to the Principal in a way that identifies the child. The guiding principle is, that where possible, the privacy of the child should be respected at all times. When considering breaching their privacy who and how many people are told should be based on what is believed to be in the best interests of the child.

Disclosing information to people external to the organisation

Staff, directors, volunteers and contractors should not discuss confidential matters about children with people outside the organisation in a way that identifies that child except when they have the express permission of the child or it complies with the College's Child Safety Policy, Code of Conduct and Procedure. In circumstances where staff, directors, volunteers and/or contractors believe that there is not enough knowledge within the organisation to provide the best possible assistance to a child, they are able to seek expertise external to the College. When communicating with people outside the College the child's identity should be protected.

Informing children

It is the responsibility of the College to communicate the limits of confidentiality in the College to children who are likely to have an ongoing relationship with the College. These guidelines should be published in an accessible place for children.

9. Cultural Safety

Northside Christian College is committed to providing culturally safe environments in which the diverse and unique identities and experiences of Aboriginal children, young people and students are respected and valued.

The College is committed to ensuring that racism is identified, confronted and not tolerated, and any instances of racism within the College are addressed with appropriate consequences.

10. Staff as Parents and Members of the College Community

The College recognises that many staff have children of their own, and in any case will socialise with other adults who have children.

While this Code is not intended to interfere with a staff member's right to a private life, working at the College requires a serious commitment to student safety and wellbeing.

Accordingly, in all aspects staff must conduct themselves in a way consistent with this Code, including by avoiding in private situations (including on social media) which could be perceived as contrary to this Code or involving a risk to student safety and wellbeing.

11. Report Concerns

Members of the College community (other than staff) who are aware of actual or suspect child abuse or reportable conduct, or who otherwise have concerns about a student's welfare, should immediately raise their concern directly with the College in accordance with the Child Safety Policy.

Other concerns can be raised in accordance with the College's Grievance and Complaints Management Policy.

Staff should report any concerns about potential breaches of this Code to the Principal (or the Committee of Management if the concern is about the Principal), and otherwise comply with the Child Safety Policy.

Whenever there are concerns that a student is in immediate danger, Victoria Police should be contacted on 000.

12. Responsibilities

Student safety and wellbeing is the responsibility of everyone at Northside Christian College. For further information, refer to the Child Safety Policy and Child Safe Strategy document.

13. Breach of this Code

Where a staff member breaches this Code, the College will take appropriate disciplinary action, including in the case of a serious breach, summary dismissal.

14. Communication

This policy is made publicly available on the College's website.

This document is available to staff as part of the College's and the Committee of Management's internal policies and procedures. Aspects of (and updates to) the College's Child Safety Policy, including this Code will be addressed in the College's professional development updates, training programs, and newsletters.

To properly implement this Code:

- The Committee of Management will ensure the procurement of policies of the College for facilities and services from third parties to ensure the safety of students.
- The Committee of Management will review this Code and the College's student safe practices at least every two years (or more frequently after a significant student safety incident) and improve where applicable.
- Families and the College community will be afforded the opportunity to contribute to the review and development of the College's child safety practises (including this Code).
- Periodic training and refresher sessions on this Code are provided to all staff.
- All staff must ensure that they abide by this Code and assist the College with its implementation.
